

Urgent Change – CAQH Update

Have you heard of CAQH? Are you already credentialed with insurance companies and thought it didn't apply to you? Even if you have already been credentialed in the past, CAQH is the way of the future for making sure your credentials are in order. Insurances are shifting toward requiring registration in order to credential.

That being said, the new year is a great time to make sure your CAQH is up-to-date and that your most up to date credentials have been uploaded. Insurances use this portal to safely manage and share your credentials with the insurances you choose. This service will cut down on repetitive paperwork, stores all your information in one place and is FREE!

Remember, if you already have an account, your account must be updated every 120 days. If you have not set up your CAQH we urge you to do so right away – simply log in to your ADA account and set up your CAQH. [Click here for the CAQH set up page on the ADA website](#)

LEADERSHIP DEVELOPMENT and TEAM BUILDING FACILITATION SERVICES

Your team is the core of your practice. They support you and care for your patients. What are you doing to help them grow and keep them coming back happy each day? Team building and leadership development facilitations are a great way to not only keep your team happy, but help them work more efficiently and effectively. They have led to better communication, less disputes, and an overall happier staff.

Malika has had the pleasure of facilitating several team development days for our clients. [Contact Us](#) today to learn more about this service and to see if it could be right for your office!

WHAT OUR CLIENTS ARE SAYING...

"I cannot express how valuable the information, strategies, and knowledge that Malika Azargoon has been providing to me over the past 10 years. All of her knowledge comes from being in the trenches with insurance companies, staff issues, and doctor challenges. She has seen and experienced what has worked and what doesn't work. Knowing what not to do is probably more important than knowing what to do....and she has this down. If you need professional guidance through any situation you must choose Malika. She is battle-tested!!!!" Dr. John Vargas, DDS, [Chappaqua Smiles](#)
